Warning marking in accordance with DIN 30710

Oralite 5921M warning marking - 595 mm wide - application package

Characteristics

Description

Oralite 5921M warning marking - 595 mm wide

The application package is used to mark vehicles that have special rights under Section 35(6) of the German Road Traffic Regulations (StVO) and complies with DIN 30710. Single-layer, metallised construction. Especially suitable for bonding to painted vehicle surfaces. Very user-friendly and easy to apply.

Thanks to Oralite's microprismatic technology, this film does not require edge sealing and is more flexible.

One application package consists of right- and left-facing markings in the specified roll length!

Width: 595 mm

Roll length: 1 m, 2 m, 5 m, 10 m or 50 m

Colours: white/red

Shelf life: 5 years

For technical production reasons, we are unable to cut the hatching on the right/left at the same point. This may result in a slight cut-off of approx. 70 mm. Please take this into account when determining your quantity requirements.
