

PRODUCT DESCRIPTION & TECHNICAL DATA SHEET

SKU: 01190001

Warning markings in accordance with ECE70

Warning marking in accordance with ECE70/01 for trucks and tractors

Characteristics

Description

Warning sign in accordance with ECE70.01 for trucks and tractors in a set pointing to the right and left

Warning marking in accordance with ECE70, microprismatic, laminated onto an aluminium plate for easy attachment to trucks or tractors.

Compared to standard warning markings, the use of microprismatic marking material of reflectivity class C in accordance with ECE104 achieves a higher warning effect even at a great distance.

Application package Warning sign in accordance with ECE70, 566 x 132 mm

Film: fluorescent (daylight red) and highly reflective (yellow)

Substrate: 0.8 mm aluminium

Format: 566 x 132 mm

Scope of delivery: Application package, one sign pointing to the right and one pointing to the left
